**OUR MISSION**
Honor America’s Veterans by providing exceptional health care that improves their health and well-being

**OUR VISION**
To be a patient-centered integrated health care organization for Veterans providing excellent health care, research, and education; an organization where people choose to work; an active community partner; and a back-up for National emergencies.

**CORE VALUES**
Compassion. Commitment.

**DOMAINS OF VALUE**
Cost-effectiveness. Healthy Communities.
The accredited program by the American Society of Health System Pharmacists (ASHP), is a one-year PGY-1 Residency, with emphasis on Pharmaceutical Care. Accredited since 1977, the program offers the opportunity to participate in ongoing development and implementation of innovative clinical pharmacy services.

The primary goal of the Portland VA PGY-1 is to prepare residents to function as well-rounded, independent, competent clinical pharmacists in patient care positions in an organized health care setting. The program focuses on the development of skills in a variety of practice settings including general medicine, acute care, ambulatory care, practice and project management, drug information, teaching, and research.

Residents participate in interdisciplinary rounds, therapeutic consultation for medication regimens, drug therapy monitoring, drug interaction and adverse event evaluations, and medication counseling for patients.

### Pharmacy Services
The Pharmacy Service employs more than 150 individuals, including approximately 90 pharmacists. This number includes a chief, assistant chief, 5 supervisory pharmacists, 2 pharmacoeconomic program specialists, a clinical coordinator, clinical pharmacy specialists, and approximately 60 technicians. Twenty-four hour centralized medication management and IV admixtures services are also provided and available at the hospital.

Current clinical patient care services available at the hospital include ambulatory care clinics at both divisions and at CBOCs, anticoagulation clinic, critical care, primary care, general medicine, infectious disease, CHF clinic, long-term care, oncology, pulmonary, transplant and palliative care services.

### Facilities
The Portland VA Medical Center (PVAMC) is a 303-bed consolidated facility with two main divisions. The medical center serves as the quaternary referral center for Oregon, Southern Washington, and parts of Idaho. The Portland VAMC is connected to OHSU structurally by a beautiful sky bridge and functionally by shared staff, trainees and educational opportunities.

The Vancouver, Washington division of the Portland VAMC is located just across the Columbia River. This spacious campus houses primary and specialty care services, and our Community Living Center (CLC).

The medical center has eight community-based outpatient clinics (CBOCs), located in East Portland, Hillsboro, Bend, Salem, West Linn, North Coast, Newport, and The Dalles.
