

Why choose VA cancer care?

Care for Veterans

We are committed to serving Veterans and their family. We understand the unique needs of Veterans and are here to support you every step of the way.

Care Coordination

Our nurse care coordinators will work with you and our providers to coordinate timely care. You will be taken care of very quickly from diagnosis through care.

Multidisciplinary Team Approach

We provide high-quality, multidisciplinary team care often all in one place. We discuss your care plan as a multidisciplinary team and work together to streamline your care.

Quality Program

Our commitment to providing high-quality, multidisciplinary cancer care, and emotional support to our Veterans and their family has earned, VA Portland Health Care System accreditation from the American College of Surgeons Commission on Cancer.

Who We Are

About Us

Whether you have a new cancer diagnosis or have been dealing with cancer for a long time, VA Portland Health Care System is here to provide timely, compassionate, state-of-the-art cancer care.

We have a network of medical experts and support services to help you. We work closely with our academic affiliate, Oregon Health & Science University (OHSU), and participate in VA clinical trials that give Veterans access to the most up-to-date treatments.
